Todd Afford & Intech3

Testimonial

I have known Todd Afford for the past five years in his capacity as IT Manager of the Regis Group Pty Ltd.

During this time, the business has developed from 1000 beds to over 4000 beds. Todd has been responsible for the IT portfolio and has maintained the focus on the day to day whilst managing an ambitious IT upgrade platform.

I highly recommend Todd and his new business Intech3 to any business who is interested in an IT company with integrity, high performance and an holistic approach to ICT Services.

If you have any queries, please do not hesitate to contact the writer.

Yours faithfully,

Dieter Blaich
Group Property Director
